

Patchwork

Used to You

I could get used to you oh
Sleeping in my bed, sleeping in my bed
I could get used to you oh
Living in my head, living in my head

I lose my mind oh every time
I justify
I lose my mind and you waste my time
Why do I try

Could've got used to you oh
You shook me to my bones
Delete your number from my phone

I would've got used to you oh
But now your colour's shown
now your cover's blown

I lose my mind oh every time
I justify
I lose my mind and you waste my time
Why do I try

I could've needed you oh
I could've held you in my arms
Now that you're gone I'm asking why
why oh why do I try

I lose my mind oh every time
I justify
I lose my mind and you waste my time
Why do I try

I lose my mind oh every time
I justify
I lose my mind and you waste my time
Why do I try
